

Frostbite & Icicle Series – Open Handicap Racing

Both Frostbite and Icicle series are advertised on our website as open handicap series, therefore members of other clubs are more than welcome to join us and race alongside our own members, also benefiting from being able to store their dinghies in our secure compound, subject to space.

Non-members can book to join the Winter series via our WebCollect subscription and membership portal. I am pleased to confirm that the Frostbite 2017 and Icicle series 2018 have now been added to the WebCollect system and are therefore available to book now. The fee is £25.00, including storage of your dinghy.

To join either one, or both series, please click on <https://webcollect.org.uk/tudorsc> and select 'Open Events' where you will find both series listed. The booking process is quite self-explanatory.
